

# WE WELCOME YOU

## TO THE

# 88888888<sup>TH</sup> ANNUAL GATHERING OF THE ECOCRE8IVE COMMUNITY

We are creative individuals who care about the wider world and who enjoy bringing the people together.

By gathering we help each other see what has been invisible, turn impossibility into possibility, and wield tools to create, cocreate, and ecocreate better futures.

Why do we put these things together?

First and foremost, to bring our best to meet the ultimate challenge of our times: to restore the health and well-being of the the planetary ecosystem.

To bring the potency of creative technology into service of healthy ecology.

To do our part in healing Mother Earthheart.

To bring forward humane values of fairness and equality; individuality and diversity; peace and love; respect and revival; integrity and wholeness.

To leave behind the destructive patterns of our inherited cultural immaturity, and fire up our creative passions for designing a future life worth living.

*As always, the Gathering is free of charge, non-commercial, activistic, futuristic, and lots of fun!*
